Version Control Next.js PhpMyAdmin API API Testing Postman MySQL Python Django Yup C++
React/Redux Toolkit Django Rest Framework Linux Docker

EDUCATION

Sinhgad College of Engineering

2020 - 2024

B.E. - Computer Engineering | CGPA: 8.75 / 10.00

Jai Bajrang Jr. College, Akola

2019

12th | MSBSHSE | Percentage: 76.77 / 100.00

School Of Scholars, Akola, Akola

2017

10th | CBSE | CGPA: 10.00 / 10.00

INTERNSHIPS

Touchmedia Ads

22 Apr, 2023 - Present

Web Developer

Key Skills:

CSS tailwindcss HTML5 API Javascript Git Github Firebase Formik Axios Jwt React.js Next.js
Postman API Testing

Engineered the "Muslim Rishtey" Matrimonial Website with advanced authentication, dynamic Formik registration, and OTP-based login. Seamlessly integrated APIs via Axios for efficient data retrieval. Designed a precise matchmaking filter, enhancing user experience. PROJECT LINK :- muslimrishtey.com.

Crafted a streamlined admin panel for "Abhimanyu Garbh Sanskar" at garbhsanskar.co.in, implementing multiple APIs and enabling mobile push notifications. Demonstrated proficiency in delivering robust solutions.

PROJECTS

CHATX

28 Sep, 2023 - 15 Oct, 2023

Key Skills: Django Django Rest Framework Python

Project Link: <https://github.com/Hardikmaind/my-studybud.git>

"Designed and developed a real-time Chat Room application with user authentication leveraging Django and Django Rest Framework. Implemented secure user authentication using cookies and session management. Established a robust database structure utilizing Object-Relational Mapping (ORM) for efficient data management."

Push notification Panel

15 Sep, 2023 - 22 Sep, 2023

Key Skills: ReactJS TailwindCSS Axios Context Api JWT authentication

"Developed a user notification panel with JWT authentication. Implemented user management displaying registered users in a table. Enabled push notifications to selected users. Incorporated dark mode UI using Hooks and Context API. Called Apis for send the push Notification to the mobile."

Print Wow

08 Aug, 2023 - 28 Aug, 2023

Key Skills: Next.js Tailwindcss HTML5 API API Testing Postman Axios Firebase Formik

Project Link: <http://printwow.touchmediaads.com/>

I've built "Print Wow," an E-commerce site for showcasing photo frames, featuring Firebase-based authentication, a complete marketplace, address management, a user-friendly cart, and seamless integration of the Razorpay payment gateway.

News Web Application

04 Jul, 2023 - 26 Jul, 2023

Key Skills: React.js Bootstrap CSS Flexbox Javascript API Node.js

Project Link: <https://github.com/Hardikmaind/learning-react-newsmonkey-app>

Made a web application using React.js that can fetch news content from an API (newsapi.org). I added news categories and implemented the use of React Router to enhance navigation. Additionally, I incorporated a loader to improve the user experience while fetching data from the API.

Muslim Rishty

22 Apr, 2023 - 03 Jul, 2023

Key Skills:

Nextjs Axios Postman API Javascript API Testing JWT Formik Git Github tailwindCSS HTML5 Yup

Project Link: <https://muslimrishty.com/>

Designed and developed "Muslim Rishtey," a matrimony platform with advanced authentication and OTP-based login. Leveraged Formik for seamless registration and Axios for API integration. Implemented a robust search filter, enhancing user experience and matchmaking efficiency.

Text-Utility Web Application

09 Jan, 2023 - 25 Jan, 2023

Key Skills: HTML5 CSS Javascript Node.js Firebase ReactJS Bootstrap

Project Link: <https://hardik-f7ae0.web.app/>

Made a web application using React.js, which takes text as an input and performs different functions on it. Applied Dark mode to it.

ASSESSMENTS / CERTIFICATIONS

Apna College-Data Structures and Algorithms in JAVA

Key Skills: Java OOPs Algorithms Data Structures

Meta- Introduction to Front-End Development

Key Skills: React.js tailwindcss HTML5 CSS Bootstrap Node.js Javascript
